

Linea's Continued Success with G-Cloud

News Release

Linea Awarded to the G-Cloud 10 Procurement Framework by the Crown Commercial Service.

Complex Change specialists, Linea Group, has again been awarded to the G-Cloud Procurement Framework agreement by the Crown Commercial Service. G-Cloud is a Government approved procurement framework for cloud based technology.

Linea Group today announced that it has been approved to provide specialist Cloud services under the G-Cloud framework initiative for the 6th consecutive year. The approval means that public sector organisations will continue to be able to procure products and services directly from Linea Group.

In essence, this means Linea Group is trusted by **1,600 public sector organisations**, including 250 local councils covering 30,000 sites.

G-Cloud is a flagship Government scheme, introduced in 2012 to develop a secure, high-performance cloud

infrastructure for the Public Sector. The objective is to ease the movement of computing services to the Cloud. Key features include assured security, standard management practices, approved suppliers and easy access to technology; all aimed at making I.T. cheaper to run.

Under G-Cloud, Linea Group continues to offer Project & Programme Management and Software As A Service (SAAS) solutions to support the implementation of and migration to Cloud based services, but are pleased to announce the addition of an e-resourcing software suite, which provides an information, communication platform between hospital managers and their own staff to insure non-scheduled and overtime shifts are filled conveniently and in real-time.

Linea Group CEO, Ian Chambers said, 'We are delighted to be awarded to the latest version of G-Cloud. Linea has now been providing our growing portfolio of specialist services to public sector clients through the G-Cloud framework for the last 6 years. Under the framework, we will continue to offer clients quicker & easier access to our services'.
