Approved UK Government COVID-19 Supplier

News Release

Linea is proud to have been appointed as an approved UK Government COVID-19 supplier, through CCS.

Following the call for help from Public Sector organisations facing challenges brought about by the Coronavirus, Linea, along with many other companies answered the call with offers of support and the provision of products and services.

The incredible response from suppliers prompted the Crown Commercial Service to publish a catalogue of approved suppliers across the UK that are able to provide goods and services to the Public Sector throughout the COVID-19 outbreak.

Linea has been an approved supplier to public sector organisations for many years and we are well placed to support the exceptional and incomparable pressures being faced by healthcare organisations and the wider public sector. Furthermore, we have considerable experience in supporting private sectors organisations across multiple industry sectors.

Private or public, in these rapidly changing and uncertain times, we understand that many organisations are facing unparalleled challenges and may be struggling to cope with unprecedented demand and resource shortages. During these austere times organisations effectively have three choices:

- Freeze & Fail
- Fumble & Survive
- Fight & Thrive

We are supporting clients to 'fight and survive', from crisis management through to recovery and resilience.

Regardless of industry or sector, we are here to help. Areas of support include:

- Major incident planning & management
- Contingency & resilience planning
- Communications management
- Operational management & recovery
- Contingent resource
- Strategy development
- Process optimisation
- Inventory management
- Procurement
- Workforce planning & management
- Financial management & recovery
- Operational management & recovery.

Should you and your organisation require support in managing and minimising the impact of COVID-19 and the associated challenges, please do not hesitate to contact us.
